### Good Morning Lindsey.

ved a response from the National Office regarding your two LIP suggestions. Here is what they said

Thank you for forwarding the suggestions. I agree with both issues raised

Issue 1 (loading total losses and a share factor) will require a change to software so I will need to make

software folks aware of this. This may take some time. With respect to issue 2 (clarity dates in the software and form), I am currently working on an amendme LDAP (Rev. 1). I will see if I can get the notice of loss updated to clarity the date in the amendment.

Thank you again for your submissions. These were both great ideas. It looks like WDC will seriously consider them and see an improvement that would benefit everyone! Please don't hesitate to reach out to me or Dana if you have any fo questions or suggestions.

Once the National Programs chair has consulted with the National Office, the response will be shared on the NASCOE website.

Programs suggestions can be submitted on work time and NASCOE has the ability to work on these ideas yearround, not just at negotiation time. Send in your ideas as soon as you think of them. NASCOE wants to see prompt results when it comes to your ideas for how we can improve the way we do business!
